SUMMARY

Motivated Computer Science student with hands-on experience in front-end development and a growing interest in AI technologies. Passionate about building real-world web applications, writing clean code, and continuously learning new tools and frameworks to solve meaningful problems.

TECHNICAL SKILLS

Front-End Development: HTML5, CSS3, JavaScript (ES6+)

Programming Language: Python

Tools & Platforms: Git, GitHub, VS Code

Currently Exploring: Artificial Intelligence & Machine Learning fundamentals

EDUCATION

Diploma in Computer Science Engineering

2023 – 2026

Galgotias University, Greater Noida

EXPERIENCE

Front-End Development Intern — CodSoft

July 2025

- Built and deployed front-end web projects using HTML, CSS, and JavaScript as part of structured internship tasks.
- Developed responsive and user-friendly interfaces with a focus on clean layout and usability.
- Gained practical exposure to real-world development workflows and version control using Git.

PROJECTS

Personal Portfolio Website

- Designed and developed a personal portfolio to showcase skills, projects, and contact information.
- Implemented responsive design ensuring compatibility across desktop and mobile devices.

Basic Calculator

- Built a fully functional web-based calculator supporting standard arithmetic operations.
- Demonstrated practical use of DOM manipulation and JavaScript event-driven programming.

Website Landing Page

- Created a modern, visually appealing landing page with structured sections and smooth styling.
- Focused on clean UI principles, typography, and cross-browser compatibility.

HACKATHONS

Bharat Shiksha Hackathon — Participant

2024

- Participated in an education-focused national hackathon, exploring technology-driven solutions for learning challenges.

ACHIEVEMENTS & INTERESTS

- State-Level Amateur Boxer — strong discipline, consistency, and a competitive growth mindset.
- Passionate about open-source technologies and continuously building personal projects to sharpen skills.
